## TWO ARE KILLED; SEVEN INJURED

### In Smashup Between Train And Street Car at Chattannooga.

### STREET CAR TURNED OVER

**Nearly Every Passenger on the Electric Car Was Bruised, Scratched or Cut—Conductor Claims He Had Motioned Car To Stop.**

Chattanooga, Tenn., May 12.—An incoming train on the Chattanooga Southern railroad struck a street car on the electric line at a crossing near the city limits Friday morning. Two men were killed, one fatally injured, several badly hurt, and nearly every passenger bruised, cut or scratched.

The car was packed with laboring men from the suburb of St. Elmo, going to their work. It was upon the Chattanooga track when struck, although the conductor had gone on ahead and claims that he had motioned for a dead stop. It was struck near the rear end, turned completely over, and thrown to one side, parallel with the railroad track.

About the only man on board who was unhurt was a one-legged cripple who got off without a scratch.

The dead:

Milton Ranking, contractor.

W. S. Perrigo.

Those injured:

Fred Fry, fatally; T. J. Hunlin, head and leg hurt; Ben Randall, nose cut off; Robert Justice, body hurt; Frank McCoy, hurt on body; William McNeill, nose cut off; Jack Bethel, a small boy, head hurt.

#### Must Replant Crops.

Valdosta, Ga., May 12.—Fred Bamberg, of this city, has returned from a visit to his naval stores location near Lenox, in Berrien county, and says that the damage in that section from the severe hailstorm which passed over the country a few days ago has been greatly underestimated. He says that the damage on his place from the windblown trees will be fully $2,000, and that in some sections the bark was beaten from pine trees and crops utterly ruined. The storm covered a strip about 5 miles wide. Throughout that section all crops will have to be replanted.

#### Cease Free Ttransportation.

Chicago, May 12.—The railroads ceased granting free transportation to San Francisco refugees Thursday, the privilege expiring by limitation Thursday night. All refugees hereafter will be dealt with individually by the Chicago Relief and Aid Society. Since the earthquake the refugees' committee of the Chicago Commercial association has cared for 2,151 persons from San Francisco. Many of these have been provided with clothing, meals and transportation to other places.

#### "Dry" Men Carry Pulaski.

Hawkinsville, Ga., May 12.—The greatest prohibition victory ever known to Pulaski county was won on Thursday, which means the abolishment of the dispensary system. Conservative estimates give the prohibitionists a majority of nearly 400 votes. The fight was hard until 4 o'clock, when the whisky men realized their utter defeat and practically gave up. Three-fourths of the white citizens of Hawkinsville voted against the tank. No such election has ever been known here.

#### Will Continue Investigation.

Washington, May 12.—Announcement was made at the office of the interstate commerce commission Friday that the investigation now being conducted under the Tillman-Gillespie resolution, with respect to coal and oil, will be continued in Philadelphia beginning Tuesday next.

#### Four Killed and Four Injured.

Lynchburg, Va., May 12.—Four trainmen were killed and four injured in a collision Friday on the Norfolk and Western railroad near here.

### CASE CONTINUED FOR THE TERM

**Mrs. Aiken Too Sick to Testify Against Adkins Brothers.**

Washington, Ga., May 12.—The famous Mell and Alex Adkins case which was to have been called Thursday morning, will not come up for trial at this term of Wilkes superior court. The case will be continued until the next regular term of court.

The cause of the postponement was due to the sudden illness of Mrs. Benjamin H. Aiken, wife of the man who was waylaid and shot from ambush on the night of February 10. Mrs. Aiken at the preliminary hearing last March, turned state's evidence, and laid bare the alleged plot which she said had been instagted by Mell Adkins, of Oglethorpe county, to kill her husband in order that he might again elope with her.

Mrs. Aiken testified on Tuesday before the grand jury, and upon her testimony and that of several servants who lived on the Adkins plantation, a true bill was found against both Mell and Alex Adkins, charging them with assault with intent to murder. They are under bonds of $1,000 each.

#### Ford Was Exonerated.

Macon, Ga., May 12.—James Ford will not be detained for the killing of Ernest Goins. Coroner Young's investigation resulted in a verdict of justifiable homicide. Mrs. Julius Goins, the mother of the dead man; Mrs. Pearl Goins, his wife, and two negroes, laborers on the Ford farm, and J. L. Welch, a neighboring farmer, testified, and each witness gave an account which verified the general accounts in which it was announced that Goins had advanced on Ford with a drawn knife. It was stated by eyewitnesses that Goins broke open a hall door and the door to Ford's room in his attempt to get at him.

#### Contents of Vault Intact.

San Francisco, May 12.—The main vault of the auditor's office has been opened and everything contained therein was found to be intact. This vault contained all of the valuable papers and books of the auditor's office, including the bonds issued for $17,000,000 for specific permanent improvements, such as school buildings, the acquisition of parks, etc. Besides these, all of the official bonds of the present city officials, license tags, books, vouchers, journals, cash books and financial accounts with the city tax collector, treasurer and state comptroller and treasurer were found intact.

#### Immigrants Will Prove a Boon.

Philadelphia, May 12.—"We can admit a million immigrants a year for years, and if they are put in the right place, they will prove a boon to the United States," said Immigration Commissioner Sargent on Thursday night while discussing the immigration problem at the semi-annual meeting of the Philadelphia Baptist City mission. "The American people," he said, "are greatly stirred up over the influx of immigrants. I don't think there is any cause for alarm. There will be a million more this year. Let them come. We want the right kind of immigrants."

#### Filed Deed for $200,000,000.

Nashville, May 12.—The Southern Railway company has filed a deed of trust in the office of the county register of Hamilton county, Tennessee amounting to $200,000,000 to the Standard Oil company, of New York, for the purpose of securing the issuance of bonds to pave the way for extensive improvements to be made by the system as has been announced.

#### Zulus on Warpath.

Durban, Natal, May 12.—Thousands of Zulus from Chief Kulas Kraal, are reported to be on their way to join Chief Bambaata, and colonial troops are being hurried forward to prevent their junction. Chief Kula, who is suspected of disaffection and who was recently arrested, was placed in jail at Pietermaritzburg Friday morning.

#### Mrs. Davis Much Improved.

New York, April 12.—Mrs. Jefferson Davis, who has been ill with the grip for several days in her apartment in the Hotel Girard, was reported as much improved Friday.

## PEOPLE OF RUSSIA TAKE OPITMISTIC VIEW

### Of Historical Event of the Czar Meeting His Subjects.

### THE NEW COUNCIL IS OPENED

**Constitutional Democrats Demand Amnesty, Reorganization of Labor Laws and of the Army; Disbanding of Cossacks, and Equal Rights to All.**

St. Petersburg, May 11, 11:45 a. m.—The impression left by Friday's historic events, is on the whole one of optimism. Even the radical papers assume a rather hurtful tone. The Rech, organ of the Constitutional Democrats and now the most powerful paper in Russia, while not concealing its disappointment at the fact that the expected amnesty was not granted, on the other hand expresses its satisfaction that the emperor did not use the word "autocracy."

It regards his majesty's speech as an adroit refusal to grant any further concessions, leaving the fundamental law as the platform of the government.

The Constitutional Democrats, however, are in nowise dismayed at the prospect of having a struggle, and their efforts will be directed to forcing general political amnesty from the unwilling hands of the emperor.

One of the striking changes today is the appearance of the Official Messenger, which for days and weeks had been appearing each morning with column after column of ukases and nominations after the bureaucracy, feverishly sought to "get their goods in out of the wet." With the assembling of parliament the end has come. Not a signle ukase or nomination was printed today. The only official announcement was a rescript giving Finance Minister Kokovsoff credit for the success of the late loan.

The central committee of the Constitutional Democrats is working out a reply to the speech from the throne. The principal points will be amnesty and equality of political and civil rights; but a faction is insisting on a demand for the abolition of the council of the empire. An attempt will be made to come to an agreement with the peasants who are drawing up an independent reply. The chief demands are amnesty, reorganization of the labor laws, reorganization of the army, disbanding of the Cossacks, the separation of church and state, a general extension of the schools and equal rights for all nationalities.

The new council of the empire, or upper house of parliament, was opened this afternoon with elaborate ceremonies.

#### Can't Submit Estimates Now.

Washington, May 12.—Demand being made by the house committee on appropriations for the estimates for the work on the Panama canal to carry on the work during the next fiscal year, Secretary Taft has explained to the committee that it will be impossible to submit detailed estimates until the arrival here of Chief Engineer Stevens, who is now on his way from the isthmus.

#### On Campaign of Education.

Washington, May 12.—Messrs. Lorimer, of Illinois; Davidson, of Wisconsin; Randedell, of Louisiana, and Lewis, of Missouri, members of the rivers and harbor committee of the house, left Friday afternoon for Kansas City, St. Louis and Chicago on a campaign of education for larger appropriations for rivers and harbors.

#### Bonaparte Recovering from Grippe.

Baltimore, May 12.—Secretary of the Navy Charles Bonaparte is so far recovered from his recent attack of the grippe as to be able to walk about and it is said he will be able to resume his official duties in Washington in a few days.

#### Believed Settlement Will Be Reached.

Cairo, Egypt, May 12.—The belief is strengthening in official circles here that a satisfactory settlement will be reached in the Taba boundary dispute between Egypt and Turkey.

### KNIGHTS ELECT JOHN SEAY.

#### Appraisers Overrule Protest.

New York, May 12.—The board of United States general appraisers overruled a protest filed by Czarinckonow, McDougall & Co., of New York, it being held that sugar imported into this country from the Philippines must stand duty on the basis as if brought from a foreign country. It is alleged by the importers that the treasury regulations levying a regular duty on sugar was illegal, but the board denied this. The board sustained protests filed by F. B. Vangergriff & Co., of Philadelphia; Frank Norton & Co., of Minneapolis; the Central Paper company and the Sheboyan Paper company, of Port Huron, Mich., and Reisa & Brady, of New Orleans, La.

#### Commissioner Fixes Bond For Two.

Valdosta, Ga., May 12.—Charles Richter, a young man from Colquitt county, was arraigned before United States Commissioner R. E. Powell in this city on a charge of illicit distilling. His bond was fixed at $200, which he gave, for his appearance at the next term of the United States district court here. Sarah Mack, alias Fannie Glenn, a negress of Bainbridge, was also given a hearing before the commission on the charge of using the mails to defraud, and was sent to Savannah for imprisonment in default of a $400 bond. It is said that the woman used a fictitious name to secure $25 worth of medicine from a female specialist.

#### Population of Florida.

Tallahassee, Fla., May 12.—The census returns of 1905 as given out today for all counties in Florida except Dade, Escambia and Orange, show a population of white to be 314,685, and black, 241,870, total 556,690, including 135 persons of other races against 483,900 in 1900, an increase of 72,590. Jacksonville's population, 35,391; Key West, 20,498; Tampa, exclusive of her suburbs, 22,823.

#### Earthquake in Indiana.

Indianapolis, Ind., May 12.—A special from Petersburg, Ind., says that two distinct earthquake shocks were felt here at 12:45 a. m. Many people jumped from their beds in fright. The shocks were felt here at 12:45. A shocks were 45 seconds apart, and the first one was preceded by a vivid flash of lightning.

#### Charged with Embezzlement.

Nashville, Tenn., May 12.—John G. Liver, local agent of the Marion Manufacturing company, of Marion, O., was arrested here at the union station Friday on a charge of embezzlement. A partial investigation shows that he is behind $2,500.

#### Government Wins All Points.

St. Paul, Minn., May 12.—The paper trust has withdrawn from the United States court proceedings and the government wins in all points.

## INCREASED MARKETS FOR UNITED STATES

### Such Is Prediction of Special Agent Pepper.

### IN REPORTING HIS INVESTIGATION

**Of Trade In Cuba to the Department of Commerce and Labor—Capitalists Transfer Large Amounts for Development of Cuban Enterprises.**

Washington, May 12.—Special Agent Charles M. Pepper, of the department of commerce and labor in reporting on his investigation of trade in Cuba, predicts increased markets for the United States. He says that while the exports of Cuba in the last few years have exceeded the imports, the present year is likely to show a more evenly balanced condition with the United States selling the island $50,000,000 worth of products. He anticipates no falling off in the import trade. In spite of the drop, both in production and price of sugar, Mr. Pepper does not regard the industry as facing a grave crisis, though there will be depression later in the year.

There is also, he says, a shortage in the tobacco crop. Despite the heavy decrease in sugar and tobacco, Mr. Pepper says there will be no distress, because large amounts of capital are being transferred from the United States and Europe for development of these enterprises.

Cuban imports of cottons vary from $8,000,000 to $9,000,000 annually, and while the United States manufacturers under reciprocity concessions, have been able to build up a business of $1,500,000 to $1,600,000, yet they would make greater headway against the Manchester mills if more attention were paid to the requirements of the Cuban customers in patterns, styles and designs.

#### Socialist Members Resign.

Rome, May 12.—All the Socialist members of the chamber of deputies have resigned as a result of the refusal of the chamber to discuss the bill presented by their party, providing for the regulation of the use of arms on the part of the police and the troops, and have issued an address to the country. During the day a largely attended meeting of strikers was held in the Coliseum. Socialists and deputies delivered inflammatory speeches and a resolution protesting against the use of arms against the people was adopted. Later collisions between the strikers and the police and the troops took place, and several hours elapsed before demonstrators were finally dispersed.

#### Dry Goods Clerk Was Arrested.

Macon, Ga., May 12.—Dave Gordon, a dry goods clerk at the Dannerberg company's store here was taken into custody by Patrolman Coley and Mitchel under charge of stealing clothes from the store. They looked him up at police station and had a case of larceny made. He will get a hearing before Recorder Nottingham. The arrest came as a result of complaints lodged by members of the firm.

#### Dowie and Voliva Agree.

Chicago, May 12.—John Alexander Dowie and Wilbur Glen Voliva reached an agreement in court upon the proposition for mutual representation in the management of financial affairs at Zion City. The Dowie forces appointed John A. Lewis, while Voliva named Alexander Granger. The third member of the committee is still to be chosen.

#### Architect Enroute to 'Frisco.

Chicago, May 12.—Architect Daniel H. Burnham started Friday for San Francisco to act in an advisory capacity with the committee of citizens that is planning to build a more beautiful city on the ashes of the one destroyed by the earthquake and fire.

#### Schurz Reported Better.

New York, May 12.—Carl Schurz, the publicist and former secretary of the interior, who has been critically ill, is reported much better.

## FOR MR. COLSON.

**Elisha Sapp Writes Regarding the Candidacy of Tax Assessor.**

Editor Sun: I feel it my duty to say a few words in behalf of our old friend, W. W. Colson. There is no man in the county that knows Willis Colson better than I do. I admit that Mr. Roux will possibly poll a few votes in all the precincts of the west end, but I desire to inform the citizens of the county that Mr. Colson's vote will be as solid as any one can reasonably expect.

His friends have not so soon forgot that he is one of them in every sense of the word. He was identified with them as a farmer to the very day he took the position of tax assessor, and we know he is a true friend of the "common people." Many of his friends remember his service just after the great storm of 1906 While at that time he was running a still at Judson, he closed his business except Saturdays, for many weeks to assist his distressed neighbors in building fences, covering roofless houses and opening roads.

So I must say in behalf of the people of the West End we truly appreciate Willis Colson as a friend, neighbor and citizen, and we most heartily approve his efforts in our behalf as a tax assessor, and when the result of the primary is published after the 15th the people will see he has had what he richly deserves—an almost unanimous support from the districts of the West End. And I hope the good people of the East End will help us to land him safely back in the tax assessor's office, where we so much need nim the next term.

## THE EASY OIL.

Scott's Emulsion is "the easy oil"—easy to take, easy in action. Its use insures deliverance from the griping and nauseating sensation peculiar to the raw oil. Nobody who has any regard for their stomach thinks of taking cod liver oil in the old way when Scott's Emulsion is to be had. It is equally certain that no one having a regard for their health will accept a cheap emulsion or alcoholic substitute for Scott's Emulsion. It fulfills every mission of cod liver oil and more.

SCOTT & BOWNE, 409 Pearl Street, New York

**If You Don't**

Succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for constipation, dyspepsia, malaria, chills and all liver complaints. Mr. C——, of Emory, Tex., writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by W. M. Johnson.

**Bryan On Presidency.**

Chicago, May 12.—A dispatch to the Tribune from St. Louis, says that M. C. Wetmore, of this city, a personal friend of William J. Bryan, has received from Mr. Bryan, who is in Egypt, a letter in which he says: "I am satisfied that the things I have been fighting for are growing, but who will be most available in 1908 is a question that cannot be answered now. I shall not do anything to secure another nomination, and do not want it unless circumstances seem to demand it—time alone can determine that."

**Stomach Troubles.**

Mrs. Sue Martin, an old and highly respected resident of Faisonia, Miss, was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her She says: "I can now eat anything I want and am the proudest woman in the world to find such a good medicine." For sale by all druggists.

**Books In Hands of Jerome.**

New York, May 12.—According to a morning paper some of the account books of the purchasing and supply department of the Mutual Insurance company which disappeared during the legislative insurance investigation, and which it is believed will throw much light on the large disbursements made by Andrew C. Fields, when he was at the head of that department, are now in the possession of District Attorney Jerome, and will be used by him in his inquiry before the special grand jury.

**The Life Insurance**

**Sore Nipples.**

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25 cents per box. Sold by all druggists.

**The Best Proof.**

"That surgeon, they say, has a remarkable touch."

"He has. If you don't believe it, I'll show you his bill for my operation."—Baltimore American.

**Shot Self Through Heart.**

New York, May 1.—A special from Boston to a morning newspaper, says that because of despondency, Malcolm McLeod, a Harvard institute of Technology football player, committed suicide by shooting himself through the heart with a revolver. He ended his life at his mother's home in the Back Bay district. He was 22 years of age and was looked upon as a good candidate for the 'Varsity team.

**If the Baby is Cutting Teeth**

**DeBose House Collapsed.**

The home of S. DeBose, colored, West Church street, which was in the course of being improved and enlarged, collapsed on Friday, seriously injuring a carpenter. The victim's arm was broken in two places, and it is said that his skull was fractured. A physician was quickly summoned, his wounds were dressed, and he is now resting easily.

The DeBose home was being materially changed and improved, and would have been one of the neatest in that section. DeBose is a worthy man, a school teacher, and his acquaintances, realizing his loss, sympathize with him.

**Was Wasting Away.**

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co

**Postpone Date for Opening Bids.**

Washington, May 12.—The navy department has postponed the date for the opening of bids for the construction of the battleships South Carolina and Michigan from the 2nd to the 23rd of June. This was necessitated for the reason that because of mail conditions of the Union Iron Works of San Francisco, did not receive plans and specifications in time to forward their bid.

**Deaths From Appendicitis**

**McClure Buys Phillips' Interest.**

New York, May 12.—The announcement is published Friday that S. S McClure has purchased all the interests formerly held by John S. Phillips in McClure's Magazine and the book publishing company of McClure, Phillips & Co. Oscar Brady has been elected treasurer of both companies to succeed Mr. Phillips. Mr. McClure declined to make any statement as to the significance of the change.

**Fortunate Missourians.**

"When I was a druggist at Livonia, Mo.," writes T. J. Dwyer, now of Grayville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and lung healer. Guaranteed by all druggists. 50c and $1. Trial bottle free.

**Straus Refuses Re Election.**

New York, May 12.—Following the announcement of William B. Hornblower's resignation as a trustee of the New York Life Insurance company comes the statement that Oscar S. Strauss, former United States minister to Turkey, will refuse to stand for re-election to the governing board. Mr. Strauss has been a trustee for many years.

# SERIOUS FIRE IN MICANOPY

## Several Buildings Destroyed With But Little Insurance.

### DR. MONTGOMERY'S BIG LOSS

**He Was One of the Heaviest, and His Damage Will Aggregate About $12,500—Fertilizers and Packing Material Were Burned.**

A terrific fire raged at Micanopy Saturday which resulted in a great loss, and which laid to ashes five buildings of that town, aggregating a property loss of many thousand dollars.

From the best information obtainable it appears that the fire originated from a spark from a locomotive in the packing-house of Thomas McCredie, which contained a quantity of packing material. Mr. McCredie's loss was about $2,500.

From this building the flames spread to the moss mill of Montgomery & Hilleary, which was soon destroyed. It was realized at this time that the flames were beyond control, and Gainesville was summoned to the rescue. The chief of the fire department, E. A. O'Neill, dispatched a number of men to the scene, a special train being placed in commission by the Gainesville and Gulf Railroad. The Gainesville boys left about 1 o'clock, but after arriving at Micanopy it was ascertained that nothing could be done, and all the firemen could do was return home.

In the meantime, while the fire was raging at its best, the flames spread from the moss factory and fertilizer house of Dr. Montgomery, at the same time burning the Adkinson blacksmith and wheelwright shop. From there it spread to the residence occupied by Mr. and Mrs. Carlton, known as the Avant House, and this building was soon in ashes. The Carolina House was at one time ablaze, but was saved by the heroic efforts of the people of Micanopy, who did all in their power to quench the flames.

The loss of Dr. Montgomery is the most serious and will aggregate about $12,500. He was heavily interested in the section burned and his friends sympathize with him.

The firemen who so nobly responded for assistance, but who could render none after arriving at Micanopy, are loud in praise of the excellent service rendered by the Gainesville and Gulf, and desire to publicly express their appreciation. This road responded willingly and promptly and no charge was made for the service,

The firemen and the people of Micanopy will remember this action, and promise that the Gainesville and Gulf in the end will be rewarded.

### APPEARING OLD

**Acts as a Bar to Profitable Employment.**

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### THE LIBRARY BENEFIT.

**The Entertainment Tuesday Evening Promises to be a Big Success.**

Amonst the objects deserving the help and support of the people none is more worthy than the Public Library. Realizing the need of such an institution and the great benefit to be derived therefrom, the Association has placed before our people a splendid collection of books, well catalogued and with a most efficient librarian in charge.

As yet the library is not self-supporting, and in order to meet current expenses the Association is from time to time compelled to ask the co-operation of the public.

Tuesday evening there will be presented at the opera house an entertainment comprising Gainesville's best talent, which is deserving of liberal patronage.

Remember the library belongs to Gainesville, and as our people are always so loyal to the city's best interests, the Association feels sure they will continue to demonstrate the fact in supporting an institution which means so much to the community.

### THE CIRCUIT COURT.

**Court Adjourned Until Wednesday of Next Week, Account Primary.**

After a short session Saturday, the circuit court adjourned until Wednesday of the coming week, owing to the primary which will be held on Tuesday.

The grand jury came into open court and made its presentments, which would have appeared in The Sun of today had it not been for the fact that the foreman and other members of the practical department were ill, and the paper is now being run on a short force. These presentments, however, will appear on Tuesday morning.

Bartz' Directory has been reduced from $2, the original price, to $1, and may be had at all drug stores or book stores. Only a few left. A complete directory and encyclopedia combined.

### THE PUBLIC LIBRARY.

**Generous Friends Sending Literature. Children's Department.**

Generous friends are constantly sending in contributions showing their interest and desire to help this laudable enterprise. A very valuable contribution has just been received from Mrs. Margaret Howard consisting of twenty-eight volumes of the very best literature for children, arranged and compiled to suit all ages from five to eighteen years in such a manner as best to develop the mind, including everything from fairy tales to historys, biographys, poems—all beautifully illustrated, and with this handsome addition to the library, the Association will now be able to open to the public a children's reading-room and assure parents that they will be furnished with the very best literature.

The following collection of books were also donated on April 24th by G. R. Crawford: Riches of Bunyan, Vol 6; Debate on Endless Punishment; Indian Massacre in Minnesota; A Winter in Florida.

It may surprise some people to know that Uncle Sam has gone into cement manufacturing in Arizona, to protect himself from the cement combine, and is turning out hundreds of barrels daily at a cost far below the market price. And yet Congress refuses to revise the tariff, the tax on cement being 20 per cent, and even refuses to abate the tax to the suffering people of San Francisco.

The Jacksonville Sun is opposed to Burr and Codrington. The Sun is also opposed to the Railroad Commission, and many other things which the people want and the roads don't.—DeLand News.

The Jacksonville Sun is also opposed to the re-election of H. H. McCreary. Probably its editor don't like the Constitutional Amendment Senator McCreary succeeded in passing, which gives the Railroad Commission power to be of service to the people, by reducing passenger rates to three cents per mile and otherwise regulate their traffic.

## RATE BILL AND ITS POWER.

Daily the rate bill is coming nearer to its final test of strength. It now looks as though the so-called Allison Amendment, whose real parentage is still doubtful, would be the only real addition to the original Hepburn bill. The President in his telegram to the Pennsylvania State Grange, says that this amendment is only declatory and that it grants no more than the original bill would have granted if it were to prove constitutional. Of course no one questions the President's good faith and if the Allison amendment is as harmless as it looks, the bill ought to get through in about the shape that the President desires. He says that he is satisfied with the original Hepburn bill and that is the first endoresement that he has ever given to that or any other rate measure. He says also that the Allison amendment will not add to nor take away from the force of the original bill.

Now all of this ought to be decidedly satisfactory from the standpoint of the man in the street. There is little question that the Hepburn bill does not go as far as it might in the control of rates. It is a whole lot better than the existing state of affairs where the Interstate Commerce Commission is vested with the power to declare a rate unfair but is allowed to put nothing else in place of it The Hepburn bill means, or is intended to mean, a real reform in railroad legislation. But just how it will work as between the railroad and the shipper must be left to the future to determine. One thing is certain, that it will get no more concession from the railroads than it wrings from them. The railroads have been making an immense profit out of the public in the past, and they are going to continue to do so as long as it is possible, rate bill or no rate bill.

The railroads and the railroad Senators profess themselves satisfied with this Allison amendment. If they are, the chances are that there is a loophole in it through which the railroads will escape from any real control. It at least assures the roads of the right to take any rate which displeases them before the courts and will enable them to fight a distasteful ruling of the commission through all the courts to the Supreme Court of the United States. The railroads have more money and can hire better legal talent than any private shipper, and the mere knowledge that they are in a position to drag out a fight in the courts from year to year will make the average merchant put up with almost any amount of injustice rather than to start a legal fight. To be sure a few sharp decisions may work to the benefit of the shippers, and the roads may find the courts are not much more complaisant than the Interstate Commerce Commission. In so far the mere passage of the rate bill is apt to do good. Meantime it is of course a step in the right direction and if the measure which is about to be passed is not effective, the chances are that the public will see to it that a better and more effective measure is passed in the near future. That measure may be government ownership.

The location of the Surveyor's new experimental plant is at Chapel Hill, N. C., in connection with the State Geological Survey. It is known that the whole of the Alleghany Mountains, especially to the southward, are spotted with low grade gold deposits. Some of them are almost rich enough to work at a profit, and a few are worked in a tentative way. But if the investigations now undertaken prove as productive in the east as they have done in the west, many acres of these claims that have been almost rich enough to work will prove entirely too rich to leave unworked. It will be some months before the plant is in complete working order, but after that the Survey will be in a position to handle free of charge samples from any likely locality on the Atlantic Coast.

SKIN DISEASES

ACNE, TETTER, ECZEMA, PSORIASIS, SALT RHEUM.

There is nothing more distressing than an itching, burning skin disease, and upon the return of warm weather those who are afflicted with skin troubles find the symptoms appearing and know that they will be tormented through the hot summer months. The blood is heated with humors and acrid matter, and as they are forced to the surface the skin seems to be on fire. The treatment of skin diseases with external applications is all wrong, because they do not reach the trouble which is in the blood. The most such treatment can be expected to do is, allay the itching and burning and cover up the trouble for awhile, but as soon as it is left off the disease returns.

All food taken into the body contains, in some form, the elements necessary to sustain the different parts. One portion is used for the making of blood, another for muscle, one for bone, still another for fat, and so on. After these different properties are extracted from the food there still remains a portion that is useless, or waste matter, which is intended to be disposed of through the natural channels of bodily waste, the Liver, Kidneys and Bowels. At this season of the year, however, these organs become torpid, dull and sluggish, and fail to perform this duty, and these accumulations remain in the system and are absorbed by the blood to ferment and sour, producing burning acids and acrid humors. The blood cannot properly nourish the system while in this impure condition, and begins to throw off these acids through the pores and glands of the skin, producing Acne, Eczema, Tetter, Psoriasis, Salt Rheum and skin diseases of every description.

THE ITCHING WAS ALMOST UNBEARABLE.

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible; it would almost disappear at times, only to return worse than ever. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely, removing every blemish and pimple from my body. I shall not fail to recommend S. S. S. whenever an opportunity occurs to do so.
Escondido, Cal. L. MARNO.

**ECZEMA** appears usually with a slight redness of the skin, followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, arms, legs and face, though other parts of the body may be afflicted. In **TETTER** the skin dries, cracks and bleeds, and is often very painful. The acid in the blood dries up the natural oils of the skin, causing a dry, feverish, hardened condition and giving it a leathery appearance. **ACNE** makes its appearance on the face in the form of pimples and black-heads, and is particularly disagreeable because of its unsightly appearance, while **PSORIASIS,** a scaly disease, comes in patches on different parts of the body. One of the worst forms of skin disease is **SALT RHEUM.** It discharges a watery fluid, forming sores and producing intense itching. The head and face are the parts usually affected, and sometimes the hair falls out and a mass of sores forms on the scalp.

These and all skin diseases are due to the same cause—burning acids and humors in the blood, and until this vital fluid is cleansed and made pure they will continue. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable, being made entirely from roots, herbs and barks, and acts directly on the blood with a cleansing, healing effect. It neutralizes the acids and purifies the blood so that the skin, instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. It goes down into the circulation and forces out every particle of waste or foreign matter, builds up the blood and cures all skin diseases promptly and permanently. S. S. S. does not leave the least particle of the poison for future outbreaks, but entirely rids the blood of the cause for all skin diseases.

S. S. S. tones up the system and regulates the Liver, Kidneys and Bowels so that they will carry off the natural waste and refuse matter through the proper channels, instead of leaving it to be absorbed by the blood. Nothing equals S. S. S. in the treatment of these troubles and for building up the general health. Write for our treatise on skin diseases and any medical advice you wish. We make no charge for either.

A meeting of the stockholders of the Jacksonville, Fernandina and Western Railway Company was held Friday in the offices of the company in the Consolidated building in Jacksonville. A board of directors was elected and by-laws were adopted.

St. Augustine is experiencing something of a building boom at present and indications point to even more active operations during the summer. No less than twelve fine residences are now in course of construction throughout the city and many more are contracted for. Among those soon to be started is one for Truman Lynn at his site on Tremerton street and one for Fred Allen on Water street.

The committee to whom was referred the question of releasing the Elks club of St. Augustine from taxation on its property, reported favorably, but Alderman Van Sickle objected on the question of the legality of such action. Mr. A. M. Taylor of the Elks, who happened to be present was granted the privilege of the floor and informed the board of the amount of charitable work the Elks were doing, not only among the poor of the city, but also elsewhere. It is on the ground of it being a benevolent society that the members ask that its property be exempt from taxation. The matter was laid over until the next meeting to permit further investigation as to authority.

Fred Bishop, a negro car cleaner, met instant death beneath the wheels of a locomotive under the shed at the union depot in Jacksonville Friday morning. Bishop was about his duties and had just finished cleaning a car and had stepped out, and in passing from one car to another did not see the engine approaching until it was too late to escape. He had been employed for some time and was considered a good man.

W. H. Harrell, a street car conductor in Jacksonville, was held by Justice Willard yesterday to await the action of the criminal court on a charge alleging that he carried a concealed weapon and assaulted M. O. Sheeman, with intent to murder him. The trouble between the men occurred on the Highway car Thursday night about midnight. Harrell, so it is learned, had been to a dance and was slightly intoxicated. He boarded a car to go home and the car was in charge of a new conductor who did not know him to be an employe of the company. Harrell, it is alleged, was asked for his fare and refused to pay, saying that he was a conductor himself. When the car reached the siding the conductor asked the other if he knew Harrell, and it is believed the latter thought they were plotting to hurt him. He drew a revolver but Sheeman caught it and caused his arrest. The defendant was sent to police headquarters, where he was later turned over to the county authorities.

The science of algebra is said to have been the invention of Mohammed of Buziana about 850 A. D. The science was introduced into Spain by the Moors. The first English algebra was written by Robert Recorde, teacher of mathematics, at Cambridge, about 1557. He was the first to use the sign of equality.

# HOW JAPS KEEP STRONG

**Sun Readers Can Learn Something of Value From This.**

Such a thing as a weakling is hardly known in Japan. The wonderful endurance of the Japanese soldiers and sailors in the recent war has been the marvel of all nations. Both men and women are well, happy and strong.

The reason for this, so careful investigators tell us, is that the Japanese from childhood up know how to keep well through care of the digestive system. If they have trouble with indigestion, heartburn, wind on the stomach, loss of appetite, sleeplessness, headaches, rheumatic pains, backaches, or any of the other troubles caused by a weak stomach, they treat themselves with some of the principal remedies that compose Mi-o-na, a stomach remedy that has already a large sale in Gainesville at J. W. McCollum & Co's.

So uniformly successful has the remedy been in curing all stomach troubles where it is used in accordance with the simple directions given with each box, that J. W. McCollum & Co. give a signed guarantee with every 50 cent package to refund the money if Mi-o-na fails to benefit.

**"Countryman" Writes About the Recent Gainesville Meeting.**

Editor Sun: I am told that Col. Dell denies that he objected to a man from the country serving on a committee in a meeting held in Gainesville some weeks ago. I happened to be there, and know that he did object. It came about this way:

After reading some letters to the meeting and making some remarks, Dr. Jim McKinstry suggested that a mass meeting, to be composed of people from all over the county, be called to suggest a ticket for Senator and members of the House of Representatives to be voted for at the primary.

As soon as the Doctor finished, Col. John took the floor and said that he wanted the question of his running settled at once, and made a proposition to Mr. McCreary that it be left to Major Thomas and Mr. Wilson to say who should run for the Senate. Mr. Mc replied that he did not like so much "backing and filling," but he would accept the proposition. Then Major Thomas said he would not serve on the committee, and Mr. Mc said that as the Colonel had took the liberty of naming both members of the committee, he thought it his right to name one in place of Major Thomas, and as he had always relied upon the country people for support he would name a representative of the country people—Mr. Emerson.

Col. Dell got up at once and said this was a city matter, and he objected to a man from the country being on the committee. Sure as gun's iron he said it, whether he meant it or not, but a fellow generally says what he means at such meetings as this.

Boys, it was a fact that Mr. Mc accepted every proposition Col. John made, although he felt and knew that they had the best of him every time. I could see from the time I put my foot in the door that that meeting had been packed, but it shows that he has the grit in him that we fellows of the country like to see in a man.

Well, them city fellows who thought they could get Mc out of the way soon found out that we fellows from the country would have something to say about nominating a Senator, whether Gainesvile liked it or no, and the meeting broke up without doing a thing.

Now, boys, shall we elect a man who claims to be a farmer, but who lives in town while somebody else does the farming, and objects to country people serving on a committee when he's a candidate in a Gainesville meeting to select a man to represent the whole county, or vote for a man who has always stood up for we country people and done us a favor when he could? You can all do as you please, but I'm one what is going to stand by H. H. McCreary, the countryman's friend, who don't wait until election time to know you, but knows you all the time. I am going to vote for Mc for Senator, as I ought to do, and I believe you will all join me in making the biggest majority he ever got.

Hurrah for Mc, first, last, and all the time! "COUNTRYMAN."

## CLAIM FIELDING WILL WIN.

His Friends Confidently Believe He Is a Winner.

STARKE, FLA., May 8th, 1906

Friends here who are in close touch with the situation are confident that Thos. W. Fielding, Esq., the talented young attorney of this city, will be the next State attorney of the 8th judicial circuit. From carefully compiled figures it is estimated that there will be about 5,000 votes polled for the office and from information received from reliable sources it is clearly evident that if Mr. Fielding does not actually receive a majority of the whole number polled he will have such a decided lead on the other two candidates that his ultimate victory will be beyond question, even though the next highest candidate should insist on a second primary.

There are many persons who believe there will be no second primary. They reason (and with apparent good grounds, too) that the large number of people who feel no direct personal interest in the candidates, and desire only that a good and capable man shall be elected with the least possible trouble, will rally to the support of Mr. Fielding, who is now known to be the leading candidate, and thus make it certain that there shall be no second primary. This really seems the most probable result of the contest, for there is undoubtedly a very large percentage of the voters who feel no further interest in the outcome than that a man of pure character and strong legal ability shall be chosen. These qualifications Mr. Fielding is known to possess, and nothing seems more reasonable than that those who want the contest settled and off of hand in the first primary will throw the weight of their number to him and thus make certain his election.

Not only do all the disinterested, capable judges of the situation concede that Mr. Fielding is the leading candidate, but one of his opponents tacitly admitted it a few days ago. It came about in this way: The candidate who resides in Gainesville felt called upon to write and publish in one of the Gainesville papers a short biographical sketch of himself, but in doing so found it impossible to resist the temptation to refer sarcastically to a recently published biographical sketch of Mr. Fielding. No reference was made to the candidate who resides in Palatka, which makes it clear that Mr. Rivers is convinced that Fielding is in the lead, and feels that he must do something to stem the tide of Fielding votes, if possible. No one probably is more capable of judging of the situation than Mr. Rivers. He is an astute politician and has been over the field thoroughly. His concession of Fielding's strength, even though it was unintentional, is very pleasing to Fielding's friends throughout the circuit.

Mr. Fielding's friends here are naturally much elated over the highly favorable outlook for him. They have watched his course closely and know that he has conducted an open, fair and clean campaign, and all good citizens like to see such high-toned methods win.

## Card From Robt. E. Davis.

To the People of Alachua County:

My announcement has already informed you that I am a candidate for the Legislature from our county and that I solicit your votes at the primary on the 15th inst.

I am the only candidate who, in his announcement, told you what principles he advocated, and, in the event of his election would support.

Upon the eve of the election it is opportune that I again advise you of the purpose of my candidacy.

I am favoring the maintenance of the State University established at our county seat.

Owing my education largely to my own efforts and realizing that the prosperity of every country is in proportion to the intelligence of its people, I advocate abundant funds for public education. I believe, however, that county taxation for this purpose has about reached its limit and that the unused resources of the State should be utilized for this, the greatest aim of all true government.

Better teachers, more and better schools, are a necessity. The general spread of knowledge is the best heritage we can leave to our posterity. That system of government is best which enables its children to become the best citizens.

Co-ordinate with your intellectual comes your material advantages. The sources of wealth are the products of the soil. But for them to reward their producers, the market must be easily accessible. This necessitates cheap and rapid transportation, and fair and equitable rates can only be secured by governmental control and regulation of transportation. For this reason I advocate the maintenance of the Railroad Commission and every possible enlargement of its powers. Congress will doubtless assume control of the question of interstate traffic in the next few weeks, and when done the Commission should be of inestimable benefit to the people of our State.

The next great question is that of labor. The agricultural and other interests of our State are dependent upon the negro race for this. Their disregard of their obligations, their violations of their contracts and their vagrant tendencies are retarding the development of every industry where only unskilled labor can be employed. This condition is intolerable and must be corrected. Man must "eat his bread in the sweat of his brow." If he will not sweat he should not eat. A law should be enacted compelling a compliance with all contracts for the performance of labor, so that they who till the soil shall be enabled to harvest and market its products.

In this race I am not connected with any faction whatsoever, and am not governed by any "boss" or "bosses." Practically raised in this county, twenty years its citizen, my every interest is with my people. If elected, I shall endeavor to incorporate into the laws of our State such legislation as shall produce the greatest good to my people.

To this end I ask your support on Tuesday next. ROBERT E. DAVIS

## Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B Massey of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25 cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

## Whitbrige Received by King.

London, May 12.—Frederick W. Whitbridge, of New York, appointed by President Roosevelt to represent the United States at the wedding of King Alfonso, was presented to King Edward at Buckingham palace Friday by Ambassador Reid. His majesty's reception of Mr. Reid and Mr. Whitbridge was of the usual cordial character.

## Stop Grumbling

If you suffer from rheumatism or pains, for Ballard's Snow Liniment will bring quick relief. It is a sure cure for sprains, rheumatism, contracted muscles and all pains—and within the reach of all. Price, 25c, 50c, $1. C. R. Smith, Tenaha, Tex., writes: "I have used Ballard's Snow Liniment in my family for years and have found it a fine remedy for all pains and aches. I recommend it for pains in the chest." Sold by W. M. Johnson.

## Card From J. M. Rivers.

To the Democratic voters of Alachua County, Florida:

The primary election at which you are to select your State Attorney for the Eighth Judicial Circuit of Florida is at hand, and before you cast your ballot I desire to call your attention to a few facts.

In 1898 you elected me Prosecuting Attorney for the county of Alachua. In 1900 you chose me as one of your Representatives in the Legislature, and in 1902 you again selected me as one of your Representatives in the Legislature. For all these honors I am profoundly grateful to you. You have tried me in these responsible offices and you know how faithfully, honestly and impartially I served you. But all these offices were practically non-remunerative. Now I chance to be a candidate for the office of State Attorney after having been tried in those less responsible and less remunerative offices. If, by honest purpose, efficient action and impartial dealing, I have obtained your confidence as a public servant, I ask you for an expression of that confidence in me, and your loyalty to your county, by giving me your votes for State Attorney on next Tuesday, and I pledge you that your confidence will never be betrayed by me.

Respectfully,
J. M. RIVERS.

## Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The eminent physician cannot prescribe a bottle preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

## CARD FROM MR. STRINGFELLOW

### He Believes in Good Roads and Favors Cason and Mathews.

Editor Sun: It has been many years since I asked for any space in your valuable paper, and I would not do so now but for the deep interest I take in the future welfare and progress of my county.

On next Tuesday, May 15th, we are to select five men to act as county commissioners for the next term. There is only one candidate each in districts Nos. 3, 4 and 5. So this leaves districts Nos. 1 and 2, in each of which there are three candidates. We will first consider District No. 1, but before doing so I wish to speak briefly on the history of road building in two counties south of us—one in Marion adjoining us, and the other Lake adjoining Marion.

When I first became familiar with Lake county in the summer of 1895, just after the big freeze of February, 1895, its people were in worse condition, financially, than any people I have ever been among. These people depended almost entirely on their orange groves for their support. These were all killed by the freeze, and starvation stared the people in the face. Fortunately the county itself was in good financial condition.

Then the county commissioners came to the rescue. There was one mile of clay road in the county at that time. This was built just before the freeze and the people wanted more like it.

The county commissioners met and decided to build clay roads in order that the people could have something to do by which they could earn something to eat. Thus hard-road building started in Lake county. This was ten years ago. They are still building roads and have today not less than 150 miles of good clay roads. They have no other material for building roads in Lake.

Marion county was also badly hurt by the freeze. Every bank in Ocala broke and almost every merchant failed. It was about three years later that Marion caught the road-building fever from Lake. Then she took her county convicts and commenced building hard roads. This she has kept up until she has now about 140 miles of the finest hard roads in the State. Marion, like Alachua county, is blessed with a variety of road-building material. Marion county has temporarily stopped road-building in order to build a seventy-five thousand dollar court house.

Alachua county was hurt very little by the freeze, as compared with these counties. True, the southeast portion of the county was badly hurt, but the north and west portions did not have a single commercial grove.

This county is naturally one of the richest in the State, and what have we to show for it in the way of public improvements? We have a good court house and about fifteen miles of hard road in the great, rich county of Alachua, against a good court house and 150 miles of hard road in the poor little county of Lake. It is a disgrace to us, and who is responsible more than any other man in the county for it? John G. Dampier. He it is who as a member of the Board of County Commissioners has stood, like a brick wall, opposed to all public improvements in Alachua county. He is running on his financial record, which consists principally in hiring the county convicts to the highest bidder at a less price than free labor costs, when all things are considered, instead of working them on the public roads, where the law says they shall be worked.

The money thus obtained, together with all other county money he can get his hands on, he lugs to one of the banks here and deposits it without interest. Mark you, all other depositors at this bank get four per cent on their deposits, where said deposits are to remain in the bank for any length of time. The deposit of the county amounts to about $30,000 at this time.

Thus Alachua county is losing in interest alone twelve hundred dollars a year. From time to time, while this deposit has remained in bank without interest, the county has borrowed money (for which it has paid 8 per cent) from the same bank where this deposit is. The principal part of this large deposit belongs to the fine and forfeiture fund, and lays in bank from one year to another.

I am informed that the county has borrowed for other funds while Mr. Dampier has been financing the Board of Commissioners, thousands of dollars for which 8 per cent was paid.

Now, had Mr. Dampier been the financier he claims he is, controlling the board as he did and does, he would have borrowed from the fine and forfeiture fund what money was needed for other funds, without interest, and paid it back the same as he had to pay it back to the bank. If the fund that had to borrow was not good for the money, of course the bank would not have loaned it.

Mr. Dampier claims the law does not allow this, which is all "stuff." In all the counties of the State where the county commissioners are business men this is done and thousands of dollars in interest saved. I talked with a minority member of the present Board of Commissioners the other day, and he told me he had done all in his power to remedy the present conditions, but that John G. Dampier absolutely controlled the board and that the minority could do nothing except at his pleasure. This member of the board asked me not to quote him by name, for he said that if the present board was re-elected his district might as well have no representative, for Mr. Dampier would not give him anything. An ex-member of the board informed me this morning that had it not been for Mr. Dampier's stand against the use of the county convicts on the public roads of the county, that we would have today not less than 100 miles of hard road, and that further we would not feel that all this road had cost us anything. I have talked with several members and ex-members of the board and all agree that the height of Mr. Dampier's ambition is to pile up money in a bank. All agree that he hates to spend a dollar for anything, however much it is needed.

I have nothing but the kindest feeling for Mr. Dampier. Personally I am his friend. He is simply by nature unfitted for a county commissioner in our county at this time.

I honestly believe that while his intentions have been good, he has been the greatest enemy Alachua county has ever had on the Board of County Commissioners, for he has prevented the building of roads, which means he has held back progress and prosperity.

Had John G. Dampier never been a member of the Board of County commissioners I am satisfied we would today have almost as many miles of hard roads as Marion county.

A vote for Mr. Dampier is a vote against progress and public improvement.

I do not know Mr. J. H. Cason, who has been put up as a candidate by the public spirited citizens of District No. 1 against Mr. Dampier. However, I am told by Mr. H. C. Parker of LaCrosse, Mr. W. A. Strickland of Hague, Mr. C. W. Wells of Alachua and many other public spirited and progressive voters of that district, that Mr. Cason was brought out as a candidate because he believed in building hard roads and all public improvement. In fact, there is no question but what he is a progressive and successful man, and well fitted for the position.

Vote for J. H. Cason and you vote for hard roads and prosperity, for they go hand in hand.

From District No. 2 we have in Mr. W. J. Mathews a man well fitted to fill the office of county commissioner. I have talked with him and find that he is in favor of going ahead with hard road building just as fast as we are able. He is a good man, progressive in his ideas and will make a first class county commissioner.

Make an X before the name of J. H. Cason for county commissioner from District No. 1, and do the same with W. J Mathews from District No. 2, and you will never regret it if you believe in hard roads, progress and prosperity.

In conclusion I will add, as an excuse for having taken up so much of your space, I was born in Alachua county, six miles west of Gainesville. I am today farming on the Old Homestead, and I hope to live to see the day, in the not distant future, when for every section of the county people can come to the county seat on hard roads.

Yours for progress,
J. D. STRINGFELLOW.

### It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cure of this most common ailment. It always cures and is pleasant to take. For sale by all druggists.

### Baptists Meet at Chattanooga.

Chattanooga, May 12.—The Southern Baptists' convention met for its sixty-first annual session in this city Friday morning. The convention is not a synod, conference nor presbytery, nor does it have charge of any of the affairs of the various churches. The convention is purely a missionary organization, and has only to do with the home and foreign missionary work of the church. The various churches have been organized into state organizations which has associations and missionary boards, and these, in turn, form the Southern Association.

### Postmaster Robbed.

G. W. Fouts, postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Sure cure for biliousness, neuralgia, weakness and all stomach, liver, kidney and bladder derangements. A wonderful tonic. At all drug stores. 50 cents.

## POLITICAL ANNOUNCEMENTS

### For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,
JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.
Very respectfully,
Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.
THOS. W. FIELDING.
Starke, Florida.

### Contract Let For County Jail.

Anniston, Ala., May 12.—Ordinary A. A. Greer has let the contract for the county jail to Wagner & Dobson, of Montgomery, Ala. For the present the county and superior court will be held upstairs of Betts-Evans Trading company's new building, which is a nice, large room and has been fitted up with judge's stand, jury box, seats, jury rooms, etc., and will make an ideal court room. This will possibly be used for a year or two, at least until the new court house is built.

### A Mountain of Gold

Could not bring as much happiness to Mrs. Lucia Wilke of Caroline, Wis., as did one 25c box of Bucklen's Arnica Salve, when it completely cured a running sore on her leg, which had tortured her 23 long years. Greatest antiseptic healer of piles, wounds and sores. 25c at all drug stores.

### New Company Turned Down.

Montgomery, Ala., May 12.—The city council, by a unanimous vote, declined to grant a franchise to Charles B. Stark, of St. Louis, Mo., for the establishment of another telephone system. The committee to which the matter was referred, after making a full investigation, reported unfavorably to the proposed new company, declaring that there was no advantage to be gained by having two telephone systems in Montgomery.
